

Tile House Surgery

The Care Quality Commission requires all GP practices to have a Statement of Purpose.

Our Aims and Objectives

To provide health care at a primary care level to our patients

To provide a high quality service that provides patient choice

To provide care in a safe and clean environment maintaining patient privacy and dignity at all times

To involve patients in their health care and any decisions made about their care

To refer patients to specialists for continuation of their health care as clinically required

To maintain patient confidentiality at all times and adhere to data protection guidelines

To train our staff and doctors to the required standard

To ensure that we take account of equality and diversity in everything we do
